

# StopAiFraud Partnership Outreach Templates

---

## Template 1: University/College Cybersecurity Programs (e.g., RIT)

---

**Subject:** Partnership Opportunity: National AI Fraud Prevention Certification Program

---

Dear [Department Chair/Program Director],

I am reaching out to explore a partnership opportunity between StopAiFraud and [University Name]'s [Cybersecurity/Criminal Justice] program.

### **About StopAiFraud:**

StopAiFraud.com is the first centralized national platform dedicated to AI fraud prevention education and certification. We provide real-world detection tools, professional training curriculum, and industry-recognized certifications addressing the \$10+ billion annual AI scam crisis.

### **Partnership Benefits for [University Name]:**

#### **Entry Level — Classroom Integration**

- Free access to SAF curriculum modules for faculty integration
- Real-world case studies and detection tools for student labs
- Guest speaker opportunities from AI fraud investigators

#### **Core Level — Capstone Licensing**

- Structured capstone project framework using SAF platform
- Students analyze live scam reports and build prevention campaigns
- Professional portfolio development for cybersecurity careers

#### **Advanced Level — Certification Delivery**

- [University Name] becomes authorized SAF certification provider
- Students earn industry-recognized credentials:
  - SAF Defender (public awareness)
  - SAF Professional (organizational protection)
  - SAF Investigator (law enforcement/forensic)
- Enhanced job placement outcomes in fraud prevention roles

#### **Curriculum Modules:**

1. How Criminals Build AI Scams — Infrastructure analysis
2. Media Analysis Lab — Deepfake detection techniques
3. Psychology of AI Fraud — Cognitive manipulation models
4. Incident Response Playbook — Emergency protocols
5. Legal Rights of Victims — Reporting and reimbursement law
6. Careers in AI Fraud Prevention — Workforce pathways

#### **Why This Matters:**

Voice cloning, deepfake impersonations, and AI-powered phishing are escalating rapidly. Traditional cy-

bersecurity training hasn't adapted. Our partnership positions [University Name] as a leader in emerging threat education.

**Next Steps:**

I would welcome a 30-minute call to discuss:

- Faculty training and curriculum integration
- Student capstone project design
- Certification partnership models
- Pilot program timeline

**Attachments:**

- SAF Curriculum Preview (PDF)
- Institutional Pitch Deck (PDF)
- Sample Certificate Tiers

Please let me know your availability for an exploratory conversation. I'm happy to visit campus or arrange a virtual meeting.

Best regards,

[Your Name]

Partnership Director

## Template 2: Community Colleges

---

**Subject:** Bring National AI Fraud Prevention Training to [College Name] Students

---

Dear [Department Chair/Program Director],

I'm writing to introduce a partnership opportunity that aligns perfectly with [College Name]'s mission to provide career-ready education in high-demand fields.

**The Challenge:**

AI-powered scams are the fastest-growing cybercrime category, with \$10+ billion in annual losses. Voice cloning scams, deepfake impersonations, and automated phishing attacks are targeting families, businesses, and government agencies — but no standardized training exists.

**StopAiFraud Solution:**

We created the first national AI fraud prevention education platform, offering:

- Professional certification programs (SAF Defender, Professional, Investigator)
- Real-world detection tools and case analysis
- Career pathways in cybersecurity, law enforcement, and victim advocacy

**Benefits for [College Name] Students:**

- **Job Readiness:** Industry-recognized certification for fraud prevention roles
- **Transferable Skills:** Forensic analysis, incident response, risk assessment

- **Community Impact:** Students help protect local families and businesses
- **Flexible Learning:** Online modules integrate with existing courses

#### **Partnership Models:**

##### **Option 1: Guest Curriculum Integration (FREE)**

- Faculty access to SAF modules for classroom use
- No licensing fees — students access education materials at no cost
- Enhances existing Criminal Justice / IT Security courses

##### **Option 2: Certification Cohorts**

- [College Name] becomes authorized SAF training provider
- Students earn stackable credentials:
- SAF Defender → SAF Professional → SAF Investigator
- Discounted group rates for cohort enrollments

##### **Option 3: Workforce Development Grant**

- Co-apply for state/federal workforce training grants
- Target displaced workers, veterans, career changers
- SAF provides curriculum, [College Name] provides instruction and certification

#### **Example Use Cases:**

- Criminal Justice program: SAF Investigator certification for future police officers
- IT Security program: SAF Professional for corporate fraud prevention roles
- Business program: SAF Defender for employee training and awareness
- Continuing Education: Public workshops for seniors and small business owners

#### **Why Community Colleges?**

Community colleges serve the populations most vulnerable to AI fraud: seniors, immigrant families, small business owners. Your students can become certified protectors for their own communities.

#### **Next Steps:**

Let's schedule a brief call to discuss:

- Program fit with [College Name] objectives
- Student interest and enrollment potential
- Funding and grant opportunities
- Pilot program launch timeline

#### **Attachments:**

- SAF Curriculum Overview (PDF)
- Institutional Pitch Deck (PDF)
- Certification Tier Descriptions

I look forward to exploring how we can bring this vital training to [College Name] students.

Sincerely,

[Your Name]

Partnership Development

## Template 3: Police Department Cyber Units

---

**Subject:** Specialized AI Fraud Investigation Training for [Department Name] Officers

---

Dear [Chief/Commander/Detective Sergeant],

I am reaching out to offer a specialized training opportunity for [Department Name]'s cyber investigation unit and patrol officers.

### **The Problem:**

AI-powered fraud cases are surging in [City/County], but traditional fraud investigation training hasn't kept pace:

- Voice cloning scams mimicking family members in distress
- Deepfake video impersonations of executives and officials
- Automated phishing campaigns targeting seniors and businesses
- Romance scams using AI-generated synthetic identities

Victims lose an average of \$5,000-\$50,000 per incident, and many cases go unreported because victims are embarrassed or don't know who to contact.

### **StopAiFraud Solution:**

We developed the **SAF Investigator Certification** specifically for law enforcement:

#### **Core Training Modules:**

1. **Criminal AI Scam Infrastructure** — How scammers build voice cloning and deepfake attacks
2. **Forensic Media Analysis Lab** — Audio/video artifact detection techniques
3. **Psychology of AI Fraud** — Victim profiling and cognitive exploitation
4. **Incident Response Playbook** — Evidence preservation and recovery workflows
5. **Legal Framework & Reporting** — Federal agencies, reimbursement law, victim rights
6. **Case Development** — Building prosecutable AI fraud cases

#### **Training Formats:**

- **Online Modules:** Self-paced, accessible 24/7 for shift workers
- **In-Service Training:** 4-hour or 8-hour condensed workshops
- **Certification Track:** Full SAF Investigator credential (40 hours)

#### **Benefits for [Department Name]:**

- Officers gain specialized skills for emerging AI crime investigations
- Standardized training across the unit ensures consistent case handling
- Public awareness campaigns: Officers trained to educate community groups
- Grant eligibility: SAF certification supports federal cybercrime funding applications

#### **Community Impact:**

- Proactive fraud prevention through officer-led public workshops
- Faster case resolution with specialized AI fraud expertise
- Stronger victim support with trained investigator advocates

#### **Partnership Models:**

##### **Option 1: Department Licensing**

- Flat-rate annual license for unlimited officer enrollments
- Ideal for departments with 10+ investigators or patrol units

**Option 2: Individual Certification**

- Officers enroll directly for SAF Investigator track
- Department can fund or officers can pay individually

**Option 3: Regional Training Consortium**

- Partner with neighboring departments for shared training cohorts
- Cost-sharing model reduces per-officer expense

**Grant Opportunities:**

SAF training qualifies for:

- DOJ Cybercrime Training Grants
- State Law Enforcement Education Funding
- Community Policing and Problem Solving (COPS) Grants

We can provide grant application support and curriculum documentation.

**Next Steps:**

I would welcome a conversation to discuss:

- Current AI fraud case volume in [City/County]
- Training needs and officer availability
- Budget and grant funding options
- Pilot training for your cyber unit

**Attachments:**

- SAF Investigator Certification Overview (PDF)
- Law Enforcement Training Pitch Deck (PDF)
- Sample Case Studies

Please let me know if you'd like to schedule a brief call or if I can provide additional information.

Respectfully,

[Your Name]

Law Enforcement Partnerships

**Template 4: State Consumer Protection Agencies**

**Subject:** Partnership Opportunity: Statewide AI Fraud Prevention Initiative

Dear [Director/Deputy Director],

I am writing to propose a partnership between StopAiFraud and [State Agency Name] to address the rapid escalation of AI-powered consumer fraud in [State Name].

**The Crisis in [State Name]:**

- AI scam losses exceeded \$[X] million in [State] last year (FTC data)
- Voice cloning "grandparent scams" targeting seniors have tripled

- Deepfake impersonation schemes are defrauding small businesses
- No centralized public education standard exists for AI fraud prevention

### **StopAiFraud.com:**

We are the first national platform dedicated exclusively to AI fraud prevention:

- Centralized reporting hub for AI-powered scams
- Real-world detection tools (voice scam risk analyzer, deepfake detector)
- Professional certification programs (SAF Defender, Professional, Investigator)
- 24/7 educational resources for consumers, businesses, and law enforcement

### **Proposed Partnership Model:**

#### **1. Statewide Public Education Campaign**

- [State Agency] endorses SAF training platform as official AI fraud resource
- Co-branded consumer awareness materials (brochures, videos, workshops)
- Free SAF Defender certification for [State] residents
- Integrate SAF detection tools into [State Agency] website

#### **2. Workforce Training Initiative**

- Train [State Agency] investigators in SAF Professional/Investigator methods
- Standardized AI fraud case handling protocols
- Enhanced victim support with specialized staff training

#### **3. Business & Community Outreach**

- SAF-certified trainers deliver workshops at community centers, senior facilities, chambers of commerce
- Small business protection training: employees learn to detect AI phishing and impersonation
- Multilingual resources for immigrant communities

#### **4. Data Sharing & Threat Intelligence**

- [State Agency] receives aggregated AI scam trend data from SAF platform
- Real-time alerts for emerging attack patterns in [State]
- Enhanced enforcement targeting repeat offenders

### **Benefits for [State Name]:**

- **Consumer Protection:** Proactive fraud prevention reduces financial and emotional harm
- **Economic Impact:** Protect [State] businesses from AI-powered wire fraud and BEC attacks
- **Public Safety:** Strengthen community resilience against digital deception
- **National Leadership:** Position [State] as a pioneer in AI fraud prevention

### **Cost Structure:**

We propose a tiered partnership:

#### **Tier 1: Awareness Partnership (No Cost)**

- [State Agency] links to StopAiFraud resources on website
- Co-branded educational materials
- Free SAF Defender access for state residents

#### **Tier 2: Training Partnership**

- Staff training for [State Agency] investigators
- Grant-funded public workshops (cost-neutral with federal/state grants)
- Discounted SAF certification for state employees

**Tier 3: Enterprise Partnership**

- Statewide licensing for unlimited certifications
- Custom [State]-specific curriculum modules
- Dedicated support team and quarterly threat briefings

**Grant Funding Opportunities:**

This partnership qualifies for:

- DOJ Consumer Protection Grants
- Federal Trade Commission Education Funding
- State Legislature Consumer Affairs Appropriations
- AARP Community Fraud Prevention Grants

We can provide grant application support and partnership documentation.

**Success Metrics:**

- Number of [State] residents completing SAF training
- Reduction in AI fraud reports following public awareness campaigns
- Increase in early-stage scam detection (consumers report before losing money)
- Business adoption of employee AI fraud training

**Next Steps:**

I would welcome a meeting to discuss:

- [State Agency] priorities and current anti-fraud initiatives
- Integration with existing consumer protection programs
- Funding and budget considerations
- Pilot program launch timeline (Q1 2026)

**Attachments:**

- SAF Platform Overview (PDF)
- Government Partnership Pitch Deck (PDF)
- Certification Program Descriptions
- Sample Consumer Education Materials

Thank you for your leadership in protecting [State] consumers. I look forward to exploring how StopAiFraud can support [State Agency Name]'s mission.

Sincerely,

[Your Name]

Government Partnerships Director

StopAiFraud.com

training@stopaifraud.com

www.StopAiFraud.com/Education

**Quick Reference: Partnership Tier Definitions****Entry Partnership (Free/Low-Cost)**

- Classroom curriculum integration for faculty
- Guest speakers and workshops
- Co-branded educational materials

- No licensing fees

### **Core Partnership (Moderate)**

- Capstone project licensing for student cohorts
- Discounted group certification rates
- Structured training program delivery
- Shared grant funding applications

### **Advanced Partnership (Premium)**

- Become authorized SAF certification provider
- White-label training delivery
- Custom curriculum modules for institution
- Dedicated partnership support team

### **Enterprise Partnership (Government/Statewide)**

- Unlimited certification licenses
- Custom state/regional curriculum
- Data sharing and threat intelligence
- Co-branded statewide campaigns
- Federal grant application support

## **Certificate Tier Descriptions (for outreach materials)**

#### **SAF Defender**

- **Audience:** General public, employees, students
- **Focus:** Personal and family fraud protection
- **Skills:** Recognizing AI scams, using detection tools, reporting procedures
- **Duration:** 8-12 hours (online, self-paced)
- **Cost:** \$49 individual / Free for sponsored groups

#### **SAF Professional**

- **Audience:** Corporate security, HR, IT staff, small business owners
- **Focus:** Organizational protection and crisis investigation
- **Skills:** Employee training, incident response, vendor fraud detection, policy development
- **Duration:** 25-30 hours (online + capstone project)
- **Cost:** \$297 individual / Discounted for cohorts

#### **SAF Investigator**

- **Audience:** Law enforcement, forensic analysts, fraud examiners, victim advocates
- **Focus:** Criminal case development and forensic analysis
- **Skills:** Evidence preservation, media forensics, victim interviews, legal frameworks, case documentation
- **Duration:** 40-50 hours (online + practical labs)
- **Cost:** \$497 individual / Grant-funded for qualifying agencies
